

## **POLICIES FOR DDR** *(Revised August 2020)*

### **General Policies:**

- We welcome dogs that play well with others. Since we are a social group play facility, your dog must be able to be successfully mixed into one of our play groups.
- We do not accept aggressive dogs.
- All dogs must be spayed or neutered by 18 months of age.
- We require up to date vaccinations for all dogs and cats.
  - Dogs: Rabies, Distemper and Bordetella
  - Cats: Feline combination

### **Medications:**

- Medications and supplements must be sent with the original prescription bottle with the dosage amount and the pet's name.

### **Fleas & Ticks:**

- Although fleas and ticks are not a problem in our area, we recommend that you treat your dogs with flea/tick prevention before boarding with us.

### **What to Bring:**

- Please bring enough food and medications for your pet's stay. More is better than less. Food does not need to be individually bagged for each meal. Bulk food in a bag or sealed container is preferred.
- We have beds, blankets and metal bowls, but you are welcome to bring your pet's bed, blanket or toys. Please label all items.

### **What Not to Bring:**

- Do not bring glass or ceramic containers or measuring cups.

### **Dropping Off Dogs in Yards:**

- We prefer not to leave dogs in yards unless there is an open doggie door into the house or obvious shelter and water. No dogs will be left in yards during inclement weather.

### **Deposits:**

- We require a \$100 deposit for Thanksgiving and Christmas reservations.
